Dear enthusiasts at home and abroad,

The 2014 YCH F3K Spring Open, is a Discus-Launch-Glider competition held at YCH(Yang Cheng Lake), Jiangsu Province, which refers to the rules of FAI(Fédération Aéronautique Internationale) F3K rule. With the presence of most Chinese F3K pilots, it's one of the largest glider competitions in China. The condition of flying fields around the YCH is ideal for glider competition, with large airspace, stable wind speed, flat grasslands and convenient transportation. We look forward to your participation!
